THE BABY BOOMER BACKLASH - the hidden truth!

The Baby Boomers seem to have taken the nation by storm. Between the newest craze hitting the nation, the caravan crusaders to spending their children's inheritance, has this generation gone mad or are they just making the most of their hard work and years of toil.

Is this generation the most influential of our time? What about Generation X and Y, are they being left behind?

Are there lessons to be learnt from the Baby Boomers set or will future generations decide to learn their own lessons and ignore the wisdom of these 21st century trail blazers.

Find out what makes Baby Boomers tick and why the Boomer backlash is effecting every generation beneath them from fashion and dating to child raising and education.

Hear from our celebrity panel including Australian entertainment legend Normie Rowe, self confessed Baby Boomer AJ from 92.5 Gold FM, Australian generation specialist Karen Schmidt, and Gold Coast Bulletin Editor in Chief Bob Gordon.

Don't miss this opportunity to hear the hidden truth on October 6th.
